

WE RESPECT YOUR LIVING STYLE

Mission & Vision Statement

PCI Pakistan ceramics industries formerly known as Ceramics sanitary ware Factory, was founded in 1988, has now developed into a commitment to the production of high end bathroom products manufacturer of the overall bathroom, the main product categories are: ceramic sanitary ware (toilet, hand wash Basin, among others, PCI independent research and development worth millions toilet products. The outer layer of toilet products are in the production and selection process, are carefully selected. PCI own product quality without compromise picky attitude. to promote the continuous development of growth is in addition to its own stringent requirements of quality assurance, there are stylistic style and diversity. and unlike other brands of bathroom mechanized assembly line operation, only the majority of PCI products are hand-cut and polished, through decades of experience of the master's hand to feel the process of product molding, with its more to achieve excellence Production process and value reflects! The so-called "spirit of craftsmanship" should include two parts: the pursuit of the ultimate spirit and originality of creativity PCI-for the pursuit of quality and beauty, it is precisely based on this "craftsmanship", continuous technological innovation at the same time, always maintain a desire to meet consumer needs, the perseverance, the traditional manual Aesthetics and other spirit through the product passed to consumers. In 2017, Pakistan Ceramics Ware put forward the new brand slogan "Living Ceramics Artist". With Vientiane bathroom's long lasting management belief, it has always been impeccable and outstanding quality, leading the industry's personalized design and development technology , To meet the different needs of consumers and the artistic pursuit of beauty!
